

**ONLINE DOCKET INTRODUCTION**  
**JUDGE KAY WOODS**

The court's preliminary trial, pretrial conference and hearing schedule for the week appears on this web-site as a convenience to lawyers and litigants in this court, but should **not** be considered final. The schedule is subject to change at the direction of the court. Matters may be added after publication. Some matters appearing on this schedule, such as motions for relief from stay, will not actually proceed to hearing unless there is a timely and properly filed objection to the relief requested. Hearings may also be adjourned to new dates or times, based on continuances properly requested and granted **before** the hearing date and time. In the absence of a communication from court staff that a requested continuance is being allowed, parties shall appear for the scheduled matter. **Any questions about whether a matter on this schedule will proceed should be directed to the judge's courtroom deputy Micki Janczewski at (330) 746-7027 ext. 4104, to the judge's judicial assistant Joanna Armstrong at (330) 746-7027 ext. 4200 or to the judge's law clerk Kelly Cusick at (330) 746-7027 ext. 4202.**
